- ◆ Please refer to Appendix A for SIN labor category descriptions.
- ◆ Please refer to Appendix B for SIN awarded labor rates.

1b. Lowest Price Model Number: Not applicable.

1c. Lowest Unit Prices

Please refer to Appendix A for awarded Special Item Number (SIN) labor category descriptions to include a description of all corresponding commercial job titles, experience, functional responsibility and education for employees and subcontractors who may perform services.

2. **Maximum Order:** \$1,000,000.00
3. **Minimum Order:** \$100.00
4. **Geographic Coverage (delivery Area):** Domestic and Overseas
5. **Point(s) of production (city, county, and state or foreign country):** Same as company address
6. **Discount from list prices or statement of net price:** All prices herein are NET; basic discounts have been deducted.
7. **Quantity Discounts:** A quantity/volume discount of 2% for orders over \$1,000,000 for Facilities SINs (SIN 561210FAC - Facilities Maintenance and Management; and SIN 561210FS - Facilities Support Services) only.
8. **Prompt Payment Terms:** Net 30 days. Information for Ordering Offices: Prompt payment terms cannot be negotiated out of the contractual agreement in exchange for other concessions.
- 9a. **Notification that Government purchase cards are accepted up to the micro-purchase threshold:** Yes
- 9b. **Notification whether Government purchase cards are accepted or not accepted above the micro-purchase threshold:** Yes, Government purchase cards are accepted above the micro-purchase threshold.

-
- 10. Foreign Items (list items by country of origin):** None
- 11a. Time of Delivery:** To be negotiated with ordering agency per individual task orders.
- 11b. Expedited Delivery:** Items are available for expedited delivery. Contact CSS for rates for expedited delivery.
- 11c. Overnight and 2-day Delivery:** Items are available for overnight and 2-day delivery. Contact CSS for rates for overnight and 2-day delivery.
- 11d. Urgent Requirements:** The Contractor will note in its price list the “Urgent Requirements” clause of its contract and advise agencies that they can also contact the Contractor’s representative to effect a faster delivery. Please contact our representative to affect a faster delivery.
- 12. F.O.B Points(s):** Destination
- 13a. Ordering Address(es):** Same as Contractor
- 13b. Ordering Procedures:** For supplies and services, the ordering procedures, information on Blanket Purchase Agreements (BPA’s) are found in Federal Acquisition Regulation (FAR) 8.405-3.
- 14. Payment Address(es):** Same as company address
- 15. Warranty Provision:** Contractor’s standard commercial warranty.
- 16. Export Packing Charges (if applicable):** N/A
- 17. Terms and conditions of Government purchase card acceptance (any thresholds above the micro-purchase level):** Contact Contractor.
- 18. Terms and conditions of rental, maintenance, and repair (if applicable):** N/A
- 19. Terms and conditions of installation (if applicable):** N/A
- 20. Terms and conditions of repair parts indicating date of parts price lists and any discounts from list prices (if applicable):** N/A
- 20a. Terms and conditions for any other services (if applicable):** N/A
- 21. List of service and distribution points (if applicable):** N/A
- 22. List of participating dealers (if applicable):** N/A
- 23. Preventive Maintenance (if applicable):** N/A
- 24a. Special attributes such as environmental attributes (e.g., recycled content, energy efficiency, and/or reduced pollutants).** N/A
- 24b. Section 508 Compliance Information: If applicable, indicate that Section 508 compliance information is available on Electronic and Information Technology (EIT) supplies and services and show where full details can be found (e.g. contractor’s website or other location.)** The EIT standards can be found at: www.Section508.gov/. AUTHORIZED SPECIAL ITEMS NUMBER (SIN) DESCRIPTIONS

SIN 541611: Management and Financial Consulting, Acquisition and Grants Management Support, and Business Program and Project Management Services

Under SIN 541611, services include providing operating advice and assistance on administrative and management issues. Examples include: strategic and organizational planning, business process improvement, acquisition and grants management support, facilitation, surveys, assessment and improvement of financial management systems, financial reporting and analysis, due diligence in validating an agency's portfolio of assets and related support services, strategic financial planning, financial policy formulation and development, special cost studies, actuarial services, economic and regulatory analysis, benchmarking and program metrics, and business program and project management.

Inherently Governmental services as identified in FAR 7.503 or by the ordering agency are prohibited. It is the responsibility of the Contracting Officer placing the order to make this determination. Ordering activities must require prospective contractors to identify potential conflicts of interest and address those, prior to task order award.

Personal services as defined in FAR 37.104 are prohibited.

SIN 541620 Environmental Consulting Services

Under SIN 541620, services include providing advice and assistance to businesses and other organizations on environmental issues, such as the control of environmental contamination from pollutants, toxic substances, and hazardous materials; Endangered species, wetland, watershed, and other natural resource management plans; Archeological and/or cultural resource management plans. This includes identifying problems (e.g., inspect buildings for hazardous materials), measure and evaluate risks, and recommend solutions. Multi-disciplined staff of scientists, engineers, and other technicians with expertise in areas, such as air and water quality, asbestos contamination, remediation, ecological restoration, and environmental law such as Planning and Documentation Services for the development, planning, facilitation, coordination, and documentation of and/or for environmental initiatives (or mandates such as Executive Order 13693 in areas of chemical, radiological, and/or hazardous materials; ISO 14001 Environmental Management System (EMS) and sustainable performance measure development; Environmental Assess.

SIN 541370GIS Geographic Information Systems (GIS) Services

Under SIN 541370GIS, services provided in support of environmental program include: cultural resource GIS (CRGIS); groundwater monitoring; growth forecast modeling; habitat conservation plans; habitat modeling; image analysis support for emergency response; mapping, cartography, and mashups (e.g., combining data from more than one source into a single integrated tool to include aerial mapping); migration pattern analysis; natural resource planning; remote sensing for environmental studies; terrestrial, marine, and/or atmospheric measuring/management; vegetation mapping; and watershed characterization for mitigation planning.

NOTE: The services offered under this scope shall NOT include surveying and mapping services as set forth in FAR Part 36, and defined under the Brooks Act of 1972 (Public Law 92-582, 40 U.S. 1102 et seq.).

SIN 562910REM Environmental Remediation Services

Under SIN 562910REM, remediation services include site preparation, characterization, field investigation, conservation and closures, emergency response cleanup (ERC), underground storage tank/above-ground storage tank (UST/AST) removal, air monitoring, soil vapor extraction, stabilization/solidification, bio-venting, carbon absorption, containment, monitoring and/or reduction of hazardous waste sites, unexploded ordnance removal, and remediation-related laboratory testing (e.g., biological, chemical, physical, pollution and soil testing). Reclamation services include: creating new land from sea or riverbeds, wetland restoration, and restoring areas to a more natural state (e.g., after pollution, desertification, or salinization have made it unusable).

NOTE: Services offered under this scope shall not include any remediation/transportation/disposal of radioactive waste, asbestos and/or paint abatement, radon mitigation, or construction and architect-engineer services as set forth in FAR Part 36 (including construction, alteration or repair of buildings, structures, or other real property). This SIN does not include Davis-Bacon work as defined in Federal Acquisition Regulation Subpart 22.4. Ordering agencies must ensure the work being required is not covered by the Davis-Bacon Act.

SIN 611430 Professional and Management Development Training

Under SIN 611430, services include an array of short duration courses and seminars for management and professional development. Examples include Training Services that are instructor led Training or Web Based Training, Learning Management, and Environmental Training Service. Training may be customized or modified to meet the special needs of customers. Instruction may be provided in diverse settings, such as in training facilities or other electronic and distance-learning methods. The training provided may include the use of simulators and simulation methods.

561210FAC Facilities Maintenance and Management

Under SIN 561210FAC, services include those related to the complete operations, maintenance and repair of federal real property. Real property could include stand-alone facilities and structures such as hospitals and federal buildings to large, multi-facility complexes such as DoD military installations. Services can be ordered individually or in combination. Typical maintenance services include: elevator, HVAC, electrical, plumbing, septic, fire alarm/fire suppression, energy management control systems (EMCS), water distribution, septic, telephone, water tanks, renewable energy systems, waste management, recycling, etc. This SIN can also be used for facilities management solutions such as to fulfill a requirement for adequate staff/personnel to help manage federal facility operations. In addition, this SIN provides a complete array of facilities consulting and facilities assessment services.

561210FS Facilities Support Services

Under SIN 561210FS, services include providing operating staff to perform a combination of support services within an agency's facilities that include planning, designing, managing, operating and maintaining reliable and efficient systems, equipment, facilities and logistics infrastructures to improve equipment and logistics performance, and reduce life cycle costs.

Examples include providing a combination of services, such as complete turnkey operations, maintenance and support services, Base facilities operation support services (excluding computer operations), depot maintenance, preventative maintenance planning, fleet/property management and maintenance, mobile utility support equipment operation, maintenance and repair, account/project management, integrated facility management and operations management support, janitorial, maintenance, trash disposal, guard and security, mail routing, reception, and related services to support operations within facilities.

APPENDIX A: LABOR CATEGORY DESCRIPTIONS FOR ALL SINS

Labor Category Descriptions for SIN 541620 -Environmental Consulting Services; SIN 541370GIS - Geographic Information Systems (GIS) Services; and SIN 562910REM - Environmental Remediation Services

CSS provides a variety of levels of expertise, experience, and services including consultants, subject-matter experts, program managers, and related support services. The following chart provides a description of all of the labor categories offered by CSS.

In all cases, one year of experience may be substituted for one year of education. Professional and technical certification programs may be substituted for years of education, based on credit hour equivalents. A Bachelors degree is considered to require four years of education, a Masters degree requires six years of education, and a Ph.D. requires eight years of education.

Differentials/Allowances: The rates included herein do not include compensation to offset employees for the additional risk of traveling to and working in an environment more dangerous than their standard work location. Costs for Sea Duty/Diving and/or Hazard Pay shall be negotiated separately on a case-by-case basis with the ordering agencies. In addition, rates do not include overtime pay and shift differentials. These costs shall be negotiated separately on a case-by-case basis with the ordering agencies. In no event will compensation for differentials result in labor rates in excess of the Published GSA Schedule rates.

Administrative Assistant I**	SINs 541620, 541370GIS, and SIN 562910REM
Education: High school equivalent.	Experience: 2 years of secretarial or administrative experience.
<ul style="list-style-type: none"> • Provides non-technical support to project staff. • Supports senior Administrative Assistants and other project staff as needed including copying, collating, organizing materials, ordering supplies, and mailings. • Proficient in word processing software products; working knowledge of presentation software products. • General knowledge of government documents and procedures. • Collates information into meaningful reports and presentation materials. 	
Administrative Assistant II**	SINs 541620, 541370GIS, and SIN 562910REM
Education: High school equivalent.	Experience: 4 years of secretarial or administrative experience.
<ul style="list-style-type: none"> • Provides non-technical support to project staff. • Provides a broad spectrum of administrative support including copying, collating, organizing materials, ordering supplies, conducting mailings, and providing on-site support such as registration and information desk services. • Proficient in MS Office and Corel Office Suite word processing, spreadsheets, presentation, and other administrative software products. 	
Administrative Assistant III**	SINs 541620, 541370GIS, and SIN 562910REM
Education: Associate degree.	Experience: 4 years of secretarial or administrative experience.

<ul style="list-style-type: none"> • Provides non-technical support to project staff. • Provides a broad spectrum of administrative support including copying, collating, organizing materials, ordering supplies, conducting mailings, and providing on-site support such as registration and information desk services. • Prepares routine correspondence, proof-reads and edits non-technical reports. • Highly proficient in MS Office and Corel Office Suite word processing, spreadsheets, presentation, and other administrative software products. 	
Computer Programmer	SINs 541620, 541370GIS, and SIN 562910REM
Education: Bachelor's degree or equivalent; certification in specific programming language may be required.	Experience: 4 years of work-related skill, knowledge, and experience. Minimum of 2 years supervisory experience. Completion of Microsoft Certified Systems Engineer or equivalent certification is equivalent to 2 years experience.
<ul style="list-style-type: none"> • Converts symbolic statements of business, scientific, and engineering problems to detailed logic workflow charts and diagrams to illustrate sequence of steps to describe input, output, and logical operation. • Consults with managerial, engineering and technical personnel to clarify program intent, identify problems, and suggest changes. • Writes or directs writing and rewriting of computer programs or software packages by coding instructions and algorithms and by making necessary modifications to existing computer programs. • Other duties may include testing, debugging, documenting and implementing computer programs or software packages. • Some programmers may act as a resource person, solving computer problems for users along with helping to develop and customize software applications. • Writes or oversees writing of instructional guides for operating personnel. • Prepares records and reports, and supervises Computer Programmer Aides. • For some tasks, these responsibilities may be applied to Internet/Web based systems. 	
Computer Support Specialist I	SINs 541620, 541370GIS, and SIN 562910REM
Education: Bachelor's degree or equivalent; certification in specific programming language may be required	Experience: Less than two years of computer support experience. Experience may include educational training programs.
<ul style="list-style-type: none"> • Provides technical assistance and training to computer system users. • Investigates and resolves computer software and hardware problems of users. • Answers clients' inquiries in person and via telephone concerning the use of computer hardware and software, including printing, word processing, programming languages, electronic mail, and operating systems. • Installs and performs minor repairs to hardware, software, and peripheral equipment, following design or installation specifications. • Assists in development of training materials and procedures, and conducts training programs. • Assists in testing and monitoring software, hardware, and peripheral equipment to evaluate use, effectiveness, and adequacy of product for user. • Some may be assigned to the configuration management function to control and monitor the configuration of the system under development or modification; or to the quality control function to ensure that established life cycle development procedures are followed by assigned project personnel. • For some tasks, these responsibilities may be applied to internet/web-based systems. 	

<i>Computer Support Specialist II</i>	SINs 541620, 541370GIS, and SIN 562910REM
<p>Education: Bachelor's degree or equivalent experience in a related field. Two (2) years experience may be substituted for one (1) year of education (e.g., eight (8) years of experience is equivalent to a Bachelor's degree).</p>	<p>Experience: Minimum 2 years of computer experience in information systems design and management. Must demonstrate an ability to work independently or under general direction on requirements that are moderately complex to analyze, plan, program, and implement. Experience in analysis and design of business applications for complex large-scale or mid-tier computer systems, or LAN based systems, including experience in database management systems and use of programming languages. Knowledge of current storage and retrieval methods; at least 1 year of systems analysis experience designing technical applications on computer systems; and demonstrated ability to formulate specifications for computer programmers to use in coding, testing, and debugging of computer programs.</p>
<ul style="list-style-type: none"> • Addresses business issues through the application of computing technology. • Gathers information from users, defines work problems, and, if feasible, designs a system of computer programs and procedures to resolve the problems. • Develops specifications and helps Computer Programmers prepare required programs; aids in the execution of system tests and participates in trial runs of new and revised systems; recommends computer equipment changes to obtain more effective operations, and may develop computer programs. • Provides systems development support using advanced approaches and systems analysis where the nature of the system is predetermined. • Uses established fact-finding approaches, knowledge of pertinent work processes and procedures, and familiarity with related computer programming practices, system software, and computer equipment. • May also write computer programs. 	
<i>Computer Support Specialist III</i>	SINs 541620, 541370GIS, and SIN 562910REM
<p>Education: Bachelor's degree in computer-related field. Post-graduate education and/or certifications preferred.</p>	<p>Experience: A minimum of four years of work-related computer support experience required. Two years in a supervisory capacity. Completion of Microsoft Certified Systems Engineer or equivalent certification is equivalent to two years experience.</p>
<ul style="list-style-type: none"> • Provides technical assistance and training to computer system users. • Investigates and resolves computer software and hardware problems of users. • Answers clients' inquiries in person and via telephone concerning the use of computer hardware and software, including printing, word processing, programming languages, and operating systems. • Installs and performs minor repairs to hardware, software, and peripheral equipment, following design or installation specifications. • Develops training materials and procedures, and conducts training programs • Tests and monitors software, hardware, and peripheral equipment to evaluate use, effectiveness, and adequacy of product for user. • Prepares evaluations of software and hardware, and submits recommendations for review. • Designs and maintains record of daily data communication transactions, problems and remedial action taken, and installation activities. • Some may be assigned to the configuration management function to control and monitor the configuration of the system under development or modification; or to the quality control function to ensure that life cycle development procedures are followed by assigned project personnel. • For some tasks, these responsibilities may be applied to Internet/Web-based systems 	

Consultant I	SINs 541620, 541370GIS, and SIN 562910REM
Education: Bachelor's degree.	Experience: 5 years of experience.
<ul style="list-style-type: none"> • Has experience in consulting on program assessment and design • Provides expertise for programmatic and technical review, literature review, technology assessment • Develops comprehensive reports and presentations and delivers results to clients • Provides technical and management skills for managing technical projects 	
Consultant II	SINs 541620, 541370GIS, and SIN 562910REM
Education: Master's degree.	Experience: 10 years of experience.
<ul style="list-style-type: none"> • Has extensive expertise and experience in consulting on program assessment and design. • Provides expertise for programmatic and technical review, literature review, technology assessment. • Develops comprehensive reports and presentations and delivers results to clients. • Provides technical and management skills for managing complex technical projects. 	
Consultant III	SINs 541620, 541370GIS, and SIN 562910REM
Education: Ph.D., M.D., or other post-graduate or professional degree.	Experience: 15 years; recognized expert in field.
<ul style="list-style-type: none"> • Policy level consultation. • Has extensive expertise and experience, and is recognized as an expert in the field (e.g., testifies at hearings, invited keynote speaker, peer-reviewed publications). • Provides expertise for programmatic and technical review, literature review, technology assessment. • Critical thinking and analysis in subject-matter in the context of larger programmatic scope (e.g., strategic planning, funding allocations). • Develops comprehensive reports and presentations, delivers results to upper-level management, and can be legally sworn to expert testimony. • Provides technical and management skills for managing complex technical projects. 	
Data Keyer**	SINs 541620, 541370GIS, and SIN 562910REM
Education: Familiarity with computer use and standard word processing programs.	Experience: At least 2 years of work-related experience using a computer.
<ul style="list-style-type: none"> • Inputs data and text; may require the use of data verification programs. • Enters commands, using computer terminal, and activates controls on computer and peripheral equipment to integrate and operate equipment. • Loads peripheral equipment with selected materials for operating runs, or oversees loading of peripheral equipment by peripheral equipment operators. • Clears equipment at end of operating run and reviews schedule to determine next assignment. • Records information, such as computer operating time and problems which occurred, such as down time, and actions taken. • Notifies supervisor of errors or equipment stoppage. 	
Data Management Specialist	SINs 541620, 541370GIS, and SIN 562910REM
Education: Bachelor's degree.	Experience: 2 years in database design.

<ul style="list-style-type: none"> Coordinates and monitors all activities concerning database design, development, implementation, and day-to-day operation. Has computer programming experience in Commercial Off the Shelf (COTS) software and programming languages (SQL, Oracle, Cold Fusion) and can design, develop, and modify database systems. Coordinates physical changes to computer databases and codes, tests, and implements the database applying knowledge of database management systems. Maintains system and responds to users to coordinate, troubleshoot and update user-mediated changes. May design logical and physical databases and coordinate database development as part of a project team or for integration into web pages. Designs development process and documentation requirements. 	
Data Management Specialist – Senior	SINs 541620, 541370GIS, and SIN 562910REM
Education: Bachelor’s degree in related discipline.	Experience: 5 years in database design, development, implementation and maintenance.
<ul style="list-style-type: none"> Coordinates and monitors all activities concerning database design, development, implementation, and day-to-day operation. Labor Category Descriptions for SIN 541611: Management and Financial Consulting, Acquisition and Grants Management Support, and Business Program and Project Management Services and SIN 611430: Professional and Management Development Training

Provided in alphabetical order.

CSS provides a variety of levels of expertise, experience, and services such as consultants, subject-matter experts, program managers, and related support services. In all cases, one year of experience may be substituted for one year of education. Professional and technical certification programs may be substituted for years of education, based on credit hour equivalents.

A Bachelors degree is considered to require four years of education, a Masters degree requires six years of education, and a Ph.D. requires eight years of education.

<i>Administrative Assistant I **</i>	SIN 541611 and SIN 611430
Education: High school equivalent	Experience: 2 years of secretarial or administrative experience
<ul style="list-style-type: none"> • Provides non-technical support to project staff • Supports the Senior Administrative Assistant and other project staff as needed including copying, collating, organizing materials, ordering supplies, and mailings • Proficient in word processing software products. Working knowledge of presentation software products • General knowledge of government documents and procedures • Collates information into meaningful reports and presentation materials 	
<i>Administrative Assistant II**</i>	SIN 541611 and SIN 611430
Education: High school equivalent	Experience: 4 years of secretarial or administrative experience
<ul style="list-style-type: none"> • Provides non-technical support to project staff • Provides a broad spectrum of administrative support including copying, collating, organizing materials, ordering supplies, conducting mailings, and providing on-site support such as registration and information desk services • Proficient in MS Office and Corel Office Suite word processing, spreadsheets, presentation, and other administrative software products 	
<i>Administrative Assistant III**</i>	SIN 541611 and SIN 611430
Education: Associates degree	Experience: 4 years of secretarial or administrative experience
<ul style="list-style-type: none"> • Provides non-technical support to project staff • Provides a broad spectrum of administrative support including copying, collating, organizing materials, ordering supplies, conducting mailings, and providing on-site support such as registration and information desk services • Prepares routine correspondence, proof-reads and edits non-technical reports • Highly proficient in MS Office and Corel Office Suite word processing, spreadsheets, presentation, and other administrative software products 	

Budget Analyst - Senior	SIN 541611 and SIN 611430
Education: Bachelor's degree or professional certification	Experience: 5 years experience specifically relating to budget analysis and financial management
<ul style="list-style-type: none"> • Provides expertise in budget and financial management principles, practices, and requirements • Provides technical assistance in the review of operational and financial plans • Provide support in evaluating and improving budget formulation and execution processes • May provide guidance for the development of budget monitoring systems 	
Consultant I	SIN 541611 and SIN 611430
Education: Bachelor's degree	Experience: 5 years of experience
<ul style="list-style-type: none"> • Has experience in consulting on program assessment and design • Provides expertise for programmatic and technical review, literature review, technology assessment • Develops comprehensive reports and presentations and delivers results to clients • Provides technical and management skills for managing technical projects 	
Consultant II	SIN 541611 and SIN 611430
Education: Master's degree	Experience: 10 years of experience

SERVICE CONTRACT ACT

"The Service Contract Labor Standards, formerly the Service Contract Act (SCA), apply to this contract and it includes SCLS applicable labor categories. Labor categories and fixed price services marked with a (**) in this pricelist are based on the U.S. Department of Labor Wage Determination Number(s) identified in the SCLS/SCA matrix. The prices awarded are in line with the geographic scope of the contract (i.e., nationwide)."

A matrix of SCA labor categories is listed below:

SCA Eligible Labor Category	SCA Equivalent Code Title	Wage Determination No
Administrative Assistant I	01111 - General Clerk I	1967-0442
Administrative Assistant II	01112 - General Clerk II	1967-0442
Administrative Assistant III	01113 - General Clerk III	1967-0442
Data Keyer	01111 - General Clerk I	1967-0442
HVAC Technician	23410 - Heating Ventilation and Air-Conditioning Mechanic	2015-4013
Electrician	23160 - Electrician, Maintenance	2015-4013

GSA SCHEDULE CONTRACTS

GSA has facilitated the acquisition of commercial services by establishing GSA Schedule Contracts. Under the Federal Supply Schedule program, GSA enters into government-wide contracts with commercial firms to provide products and services at pre-approved prices and for a given period of time. This streamlined procurement approach significantly reduces the time required to obtain services because GSA has reviewed firm capabilities, negotiated rates, and pre-qualified firms to provide services.

The advantages of the Schedules program include:

- ◆ Reduction in time required to obtain services (usually a few weeks).
- ◆ Commerce Business Daily synopsis is not required.
- ◆ Competition requirements have been met (FAR 6.1023(d)(3)).
- ◆ Rates have been determined to be fair and reasonable.
- ◆ Can be used by all federal agencies and the District of Columbia.
- ◆ Agencies can order directly from the contracted firm – no transfer of funds to GSA.
- ◆ No maximum order limitations.
- ◆ BPAs can be used to customize your solution.

CSS AVAILABLE GSA SCHEDULE CONTRACTS

Information on CSS GSA Schedule Contracts can be found at: <http://www.css-inc.com>. Our GSA Schedules Contract includes:

Multiple Award Schedule
